

Thesis Application Form II
(Certification of Eligibility to Enroll in CS 4510, semester 2)

This form certifies your eligibility to enroll in at least 2 credit hours of CS 4510. Students must have completed at least 1 credit hour of CS 4510 and submitted Thesis Application Form I. Thesis must be presented both orally and as a written document submitted to the honors committee at the end of the second semester.

1. All CS honors students must complete and turn in this form within the first three days of the semester in which they want the credit registered.
2. Each student must attach a copy of the Special Course Request Form (SCRF) with this application. Students must submit a new SCRF for each semester in which the student plans to receive academic credit for the thesis. The form can be obtained from the Honors Program Director or from the Department Office.
3. Please note that completing the thesis does not guarantee graduation with honors. Students must complete 6 hours of honors coursework with B or better in each honors course, and meet the major GPA requirement to graduate with honors in computer science.
4. **The printed and signed copies of the thesis must be given to the Honors Program Director by the last day of classes for the semester.**
5. If pursuing both University and Departmental Honors, the second reader must be from a different department than the Thesis Director.

Name: _____ Banner ID: _____

Expected Graduation Date: _____

How many CS honors courses have you taken? _____

Expected Honors: _____ University Honors: _____ Computer Science Honors: _____
